

PUBLIC NOTICE

PERMIT APPLICATION: NRS 06.244

APPLICANT: Randy Kloke
2206 Dorte Avenue
Nashville, Tenn. 37210
615-289-4671

LOCATION: Bryant Creek, Corinth Road, near the intersection of Wilson, Davidson and Rutherford Counties, 36.9097 °N, -86.5103 °W

WATERSHED DESCRIPTION: Bryant Creek is located in the Stones River watershed (HUC 05130203), and is not currently assessed for its designated water quality uses (recreation, fish and aquatic life, livestock watering and wildlife, and irrigation). The channel is highly intermittent, lacks defined channel for the majority of its path across the property, and has a failed impoundment less than an acre in size. The channel leaves the impoundment zone through a triple barrel culvert under the existing driveway. The surrounding land use is agricultural.

Color photos of the existing impoundment area and channel can be viewed on the Internet version of this notice at

<http://www.state.tn.us/environment/wpc/ppo/arap>.

PROJECT DESCRIPTION: The applicant proposes to construct a 2 to 3 acre pond on the site of one-acre pond and may affect up to approximately 100 additional feet of stream channel. The purpose of the pond is for water source for horse and cattle as well as a fishing pond.

The dam will be constructed on a 3:1 slope with compacted clay. The pond outlet will be at the same grade as the existing driveway culvert.

In accordance with the Tennessee Antidegradation Statement (Rule 1200-4-3-.06), the division has determined that the proposed activity will not result in degradation to water quality.

PERMIT COORDINATOR: Juliana W. Kyzar

No decision has been made whether to issue or deny this permit. The purpose of this notice is to inform interested parties of this permit application and to ask for comments and information necessary to determine possible impacts to water quality. Persons wishing to comment on the proposal are invited to submit written comments to the department. Written comments must be received within **thirty days of the date that this notice is posted**. Comments will become part of the record and will be considered in the final decision. The applicant's name and permit number should be referenced.

Interested persons may also request in writing that the department hold a public hearing on this application. The request must be filed within the comment period, indicate the interest of the person requesting it, the reasons that the hearing is warranted, and the water quality issues being raised. When there is sufficient public interest in water quality issues, the department will hold a public hearing.

The permit application, supporting documentation including detailed plans and maps, and related comments are available at the department's address for review and/or copying. The department's address is:

Tennessee Department of Environment & Conservation
Division of Water Pollution Control, Natural Resources Section
